**Subject:** Publication of Athlete365 Dakar 2026 e-learning courses for athletes and their entourage members

Dear President, dear Secretary General,

We are pleased to inform you that the International Olympic Committee (IOC) has launched the pre-Dakar 2026 Youth Olympic Games (YOG) e-learning courses on Athlete365.

While these courses are essential for young athletes and their entourage members participating in the event next October–November, **they are open and strongly recommended to all young athletes and entourage members across your federation**, regardless of YOG participation.

The courses are available in nine languages for athletes and six languages for entourage members. They are divided into four interactive, age-appropriate and concise modules:

1. Staying Mentally Fit
2. Safeguarding
3. Preventing Competition Manipulation
4. Anti-doping (ADEL course hosted by WADA)

Upon completion of the first three modules, participants will receive a certificate signed by IOC President Kirsty Coventry.

The courses can be accessed using the links below (participants will be required to register for or log in to Athlete365):

- [Mastering Your Sporting Journey – for Young Athletes](#)
- [Mastering Your Sporting Journey – for Athletes' Entourage Members](#)

We kindly encourage you to share these courses widely within your network and promote their completion among all eligible athletes and entourage members, in addition to those preparing for Dakar 2026.

Thank you in advance for your support.

Kind regards,

**On behalf of Raul Calin**

Secretary general

**Ludivine Maitre Wicki**

Senior communications coordinator

Available: Monday-Tuesday, Thursday-Friday
